DUBLIN CAMPAIGN AGAINST WATER CHARGES

DON'T PAY THE WATER CHARGES!

PROTEST RALLY

Friday 10th June, 3.00pm

County Council Offices, near the Square, Tallaght

Dublin Campaign Against Water Charges,
PO Box 1648, Dublin 8, Tel: 872 2682

Dont pay the water charges!

■ ***The £70 water charges are a form of double taxation.***

Working class people already pay 89% of central taxation in this country. We have practically nothing to show for it.

■ ***The waiver scheme is a con.***

If anyone in your house gets work or goes over the Assistance level during the year the council will be back demanding payment. In New Ross the council has abolished the waiver scheme and now charges everybody, regardless of ability to pay. If they get away with charges they will even be introducing water meters to charge you for the water you use!

■ ***Tax should be collected from the rich.***

In the 1980s the Goodman empire paid only 1% of their tax bill. Today the Dunne family who own Dunnes Stores owe £100 million in back taxes.

■ ***We can win***

In the 1980s Dublin Corporation introduced water rates. A mass non-payment campaign forced them to abandon charges.

In 1989 Waterford working class people stood together to prevent the Corporation turning off water to house and trade unionists organised support. This defeated charges there.

■ ***If we stick together we can beat these water charges***

■ ***Organise***

Local people have together to form the Dublin Campaign against Water Charges in angry meetings throughout the new Council's areas.

They have organised a protest rally for Friday 10th June at 3.00pm outside the County Council offices in Tallaght (near the Square).

Come to the protest, bring your bills and tell the Council

WE WILL NOT PAY!

If you would like to get involved in the Campaign send this slip to Dublin Campaign against Water Charges, PO Box 1648, Dublin 8 Phone 872 2682
